Hello, I'm Sagar Dey I completed B.Tech CSE in 2023. Passionate Full Stack Developer and Computer Science enthusiast with a strong foundation in web development, JavaScript frameworks, and database management. Experienced in creating dynamic and user-friendly applications using technologies like React.js, Node.js, Express.js, MySQL, MongoDB, and more .I have 5 months of internship experience working with MERN stack .During my internship, I worked on several projects where I was responsible for developing, testing, and deploying web applications . My experience with these technologies has given me a deep understanding of the development process and has equipped me with the skills to tackle complex challenges with ease. Additionally, I am a quick learner, a team player, and possess excellent communication skills, which I believe are crucial to succeed in a fast-paced and dynamic work environment. Thank you.
